SPECIAL EDITION: INTRODUCING DATA TALK

NEWSLETTER

Volume 12, Issue 3

April/May 2018

Welcome to DATA TALK.

DATA stands for Data, Analysis Techniques, Applied

Data Talk was developed to increase Arkansas's local education agencies knowledge and use of data, particularly for special education staff. We hope you find the information helpful.

The 2017-18 episodes include:

Episode 1: What is data? Understanding data sources and how to use data to answer your question (available)

Episode 2: Context of data and descriptive statistics (available)

Episode 3: Understanding search logic in the student management system and creating advance searches (coming soon)

Each episode will be linked from the IDEA Data & Research [web page](#) or can be accessed from the ADE Special Education [YouTube Channel](#).

We encourage you to subscribe to the ADE Special Education [YouTube Channel](#) so you can receive notifications of new episodes from YouTube.

Additionally we will send notification of new episodes to those subscribers of the IDEA Data & Research Newsletter. [Click](#) here to subscribe to the newsletter.
