PART 1. Significant Disproportionality: Identification (3 year pattern)

A blank field in this section is due to small cell counts based on the State's criteria or the risk is too negligible to calculate a **Risk Ratio**. A value greater than 3.00 in **RED** for **three consecutive years** in the same racial/ethnic group requires a district to provide Comprehensive Coordinated Early Intervening Services.

PART 1. Significant Disproportionality: Identification (3 year pattern)

A blank field in this section is due to small cell counts based on the State's criteria or the risk is too negligible to calculate a **Risk Ratio**. A value greater than 3.00 in **RED** for **three consecutive years** in the same racial/ethnic group requires a district to provide Comprehensive Coordinated Early Intervening Services.
