Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices

N

Were Inappropriate Policies, Procedures, and Practices Identified by the State

N/A

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

N

Were Inappropriate Policies, Procedures, and Practices Identified by the State

N/A

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

--	--------------	----	--------	----------	-----	--

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State	N/A	
--	---	--	--	--	-----	--

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices

N

Were Inappropriate Policies, Procedures, and Practices Identified by the State

N/A

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

Indicator 07-A: Preschool Outcomes Summary 1: Social Emotional	87.89%	91.56%	N/A	N/A	N/A	■■

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices

N

Were Inappropriate Policies, Procedures, and Practices Identified by the State

N/A

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices

N

Were Inappropriate Policies, Procedures, and Practices Identified by the State

N/A

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

Indicator 07-A: Preschool Outcomes Summary 1: Social Emotional	87.89%	91.56%	N/A	N/A	N/A	■■

## EARLY CHILDHOOD OUTCOMES

### Indicator 7: Early Childhood Outcomes

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

## EARLY CHILDHOOD OUTCOMES

### Indicator 7: Early Childhood Outcomes

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

**DISCIPLINE RATES & DISPROPORTIONALITY in DISCIPLINE**

**Indicator 04-A: Suspensions & Expulsions > than 10 days (Data from 2017/2018 school year)**

30.51%	29.50%	0.00%	Y	N/A	↔
--------	--------	-------	---	-----	---

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N	Were Inappropriate Policies, Procedures, and Practices Identified by the State	N
--	---	--	---

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices.

**Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2017/2018 school year)**

0.38%	0%	<=4.00	Y	N/A	↔
-------	----	--------	---	-----	---

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N	Were Inappropriate Policies, Procedures, and Practices Identified by the State	N/A
--	---	--	-----

Notes: (1) State rate and state target are based on the percent of districts identified as having innappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices.

Indicator	State Rate	State Target	LEA Rate	Target Met by LEA	LEA Difference from Target	Year to Year LEA Rate Change
-----------	------------	--------------	----------	-------------------	----------------------------	------------------------------

**LEAST RESTRICTIVE ENVIRONMENT (K-12)**

Indicator 05-A: School Age LRE Percent of students inside the regular classroom 80% or more of the day	54.32%	63.77%	73.80%	Y	N/A	↓
Indicator 05-B: School Age LRE Percent of students inside the regular classroom less than 40% of the day	12.72%	12.00%	13.10%	N	0.38%	↑
Indicator 05-C: School Age LRE Percent of students receiving special education services in other settings	2.05%	2.40%	0.59%	Y	N/A	↓

Note: Other settings includes Day Schools, Residential, and Hosptial/Home Bound but does not include students in correctional facilities or private schools.

**LEAST RESTRICTIVE ENVIRONMENT (PreSchool)**

Indicator 06-A: Early Childhood LRE: Regular Preschool Program Percent of children recieving with the majority of special education services with thier non-disabled peers	29.04%	35.94%	N/A	N/A	N/A	██
Indicator 06-B: Early Childhood LRE: Separate education class, separate school or residential facility	23.74%	26.65%	N/A	N/A	N/A	██

### EARLY CHILDHOOD OUTCOMES

**Indicator 7: Early Childhood Outcomes**

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

**Summary Statement 1:** Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

**Summary Statement 2:** The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or

**PARENT INVOLVEMENT OUTCOMES**

**Indicator 8: Parent Involvement**  
Percent of surveyed parents who reported school facilitated parent involvement as a means of improving services and results for children with disabilities.

Early Childhood (3-5) Rate	93.83%	94.84%	N/A	N/A	N/A	■■■
----------------------------	--------	--------	-----	-----	-----	-----

School Age (k-12) Rate	95.82%	96.45%	98.00%	Y	N/A	↓
------------------------	--------	--------	--------	---	-----	---

**DISPROPORTIONALITY: IDENTIFICATION & DISABILITY**

**Indicator 9: Disproportionality - Eligibility**  
Disproportionate representation of racial and ethnic groups in special education and related services that is a result of inappropriate identification (e.g. monitoring data, review of policies, practices, and procedures under 618(d), etc.).

0.00%	0.00%	≤4.00	Y	N/A	↔
-------	-------	-------	---	-----	---

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N	Were Inappropriate Policies, Procedures, and Practices Identified by the State	N/A
--	---	--	-----

**Notes: (1) State rate and state target are based on the percent of LEAs identified as having innappropriate policies, procedures, and practices. (2) The LEA rate is based on if the risk ratio exceeded the cut score of 4; any LEA with a risk ratio greater than 4 is required to complete a review of policies, procedures, and practices.**

**Indicator 10: Disproportionality - Child with a Disability**  
Disproportionate representation of racial and ethnic groups in specific disability categories that is a result of inappropriate identification (e.g. monitoring data, review of policies, practices, and procedures under 618(d), etc.).

0.00%	0.00%	≤4.00	Y	N/A	↔

-----------	------------	--------------	----------	-------------------	----------------------------	------------------------------

**CHILD FIND: TIMELY EVALUATION**

**Indicator 11: Child Find**

Percent of children with parental consent to evaluate who are evaluated within the State established timeline of 60 days.

Early Childhood (3-5) Rate	99.87%	100.00	N/A	N/A	N/A	—
School Age (k-12) Rate	99.62%	100.00%	100.00%	Y	N/A	↔

**TRANSITION**

**Indicator 12: Early Childhood Transition**

Percent of children referred by Part C prior to age 3, who are found eligible for Part B, and who have an IEP developed and implemented by their third birthday.

	95.24%	100.00%	N/A	N/A	N/A	—
--	--------	---------	-----	-----	-----	---

**Indicator 13: Secondary Transition**

Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals.

	80.15%	100.00%	100.00%	Y	N/A	↑
--	--------	---------	---------	---	-----	---

Indicator	State Rate	State Target	LEA Rate	Target Met by LEA	LEA Difference from Target	Year to Year LEA Rate Change
-----------	------------	--------------	----------	-------------------	----------------------------	------------------------------

**Post-School Outcomes**

**Indicator 14: Post-School Outcomes**

Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were:

- A. Enrolled in higher education within one year of leaving high school.
- B. Enrolled in higher education or competitively employed within one year of leaving high school.
- C. Enrolled in higher education or in some other postsecondary education or training program; or competitively employed or in some other employment within one year of leaving high school.

A. Enrolled in higher education within one year of leaving high school.	11.78%	15.80%	0.00%	N	15.80%	↓
---	--------	--------	-------	---	--------	---

B. Enrolled in higher education or competitively employed within one year of leaving high school.	25.93%	51.49%	54.54%	Y	N/A	↑
---	--------	--------	--------	---	-----	---

C. Enrolled in higher education or in some other post-secondary education or training program; or competitively employed or in some other employment within one year of leaving high school.	51.35%	63.26%	54.54%	N	8.72%	↓
--	--------	--------	--------	---	-------	---
