LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6055: EXALT ACADEMY OF SOUTHWEST LR

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6062: PREMIER HIGH SCHOOL OF NORTH LITTLE ROCK

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6063: Westwind School for Performing Arts

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

(2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6091: AR SCHOOL FOR THE BLIND

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6092: AR SCHOOL FOR THE DEAF

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔
Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6095: CONWAY HDC

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6102: MAYNARD SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6103: POCAHONTAS SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6205: PALESTINE-WHEATLEY SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6301: BAUXITE SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6303: BRYANT SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6304: HARMONY GROVE SCHOOL DISTRICT -SALINE

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6502: SEARCY COUNTY SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of LEAs identified as having inappropriate policies, procedures, and practices. (2) The LEA rate is based on if the risk ratio exceeded the cut score of 4; any LEA with a risk ratio greater than 4 is required to complete a review of policies, procedures, and practices.

Indicator 10: Disproportionality - Child with a Disability

Disproportionate representation of racial and ethnic groups in specific disability categories that is a result of inappropriate identification (e.g. monitoring data, review of policies, practices, and procedures under 618(d), etc.).

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6505: OZARK MOUNTAIN SCHOOL DISTRICT -SEARCY

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

(2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6602: GREENWOOD SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6603: HACKETT SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6606: MANSFIELD SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Indicator 7: Early Childhood Outcomes

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

Summary Statement 1: Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

Summary Statement 2: The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or exited

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6640: FUTURE SCHOOL OF FORT SMITH

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6703: HORATIO SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6720: DEQUEEN/MENA EDUCATIONAL COOPERATIVE

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%		NA	N/A

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6804: HIGHLAND SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

6901: MOUNTAIN VIEW SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔
Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7001: EL DORADO SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

(2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7007: PARKERS CHAPEL SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7008: SMACKOVER-NORPHLET SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔
Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7102: CLINTON SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of LEAs identified as having inappropriate policies, procedures, and practices. (2) The LEA rate is based on if the risk ratio exceeded the cut score of 4; any LEA with a risk ratio greater than 4 is required to complete a review of policies, procedures, and practices.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7104: SHIRLEY SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔
Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7201: ELKINS SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7202: FARMINGTON SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7204: GREENLAND SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7205: LINCOLN SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7207: SPRINGDALE SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7208: WEST FORK SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔
Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Indicator	State Target	State Percentage	LEA Percentage	Target Met by LEA	LEA Difference from Target	Year to Year LEA Percent Change

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7240: HAAS HALL ACADEMY

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7242: PREMEIR HIGH SCHOOL OF SPRINGDALE

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7301: BALD KNOB SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

(2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7303: BRADFORD SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7304: WHITE CO. CENTRAL SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔
Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7309: PANGBURN SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Notes: (1) State rate and state target are based on the percent of LEAs identified as having inappropriate policies, procedures, and practices. (2) The LEA rate is based on if the risk ratio exceeded the cut score of 4; any LEA with a risk ratio greater than 4 is required to complete a review of policies, procedures, and practices.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7310: ROSE BUD SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7320: WILBUR D. MILLS EDUCATION SERVICE COOPERATIVE

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7401: AUGUSTA SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

(2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7503: DANVILLE SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7504: DARDANELLE SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N			Were Inappropriate Policies, Procedures, and Practices Identified by the State		N/A
Notes: (1) State rate and state target are based on the percent of districts whose special education rate exceeds the general education rate by more than 1.36 percentage points. (2) The LEA rate is the difference between the general education rate and special education rate. Any LEA that exceed the allowable 1.36 percentage points difference must complete a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 1.36 percentage points and target met equals "Y" indicates there were fewer than 5 students in the calculation; therefore the LEA was not required to complete a self-assessment.						
Indicator 04-B: Suspensions & Expulsions for > than 10 days by Special Education Race vs. General Education all races. (Data from 2022/2023 school year)	0.00%	0.00%	<=4.00	Y	N/A	↔

Notes: (1) State rate and state target are based on the percent of districts identified as having inappropriate policies, procedures, and practices. (2) LEA rate is based on whether or not a LEA was identified as having possible disproportionality. Identification is the difference between the general education rate for all races and special education rate for specific races. Any LEA with a difference >4 percentage point is identified for a review of policies, procedures, and practices. (3) Any LEA with a rate difference greater than 4.00 percentage points and target met equals "Y" indicates the LEA did not meet the minimum criteria for the calculation; therefore, the LEA was not required to complete a self-assessment.

LOCAL EDUCATION AGENCY SPECIAL EDUCATION ANNUAL PERFORMANCE REPORT

7510: TWO RIVERS SCHOOL DISTRICT

2023 - 24 Annual Performance Report

Some data used in the report are a year in arrears due to availability and/or an additional requirement to review policies, procedures, and practices.

Indicators may not be applicable to all LEAs due to the structure of the special education program, the grade levels served, or the data does not meet the measurement criteria. Examples for an Indicator being not applicable may include:

Indicator 1: Graduation may be not applicable if an LEA does not have a high school (Charter School or Educational Cooperative who only serves early childhood special education) or the special education exiting data had zero graduates of any type (regular/certificate/alternate pathway).

Indicator 2: Dropout may be not applicable if an LEA does not have students ages 14-21 or have no students who meet the measurement criteria.

Indicator 3: Assessment may be not applicable if the LEA does not have students with IEPs in grades 4, 8 or high school (9-12). For example, some Charter Schools, the educational cooperative who only serves early childhood special education, or state agencies outside the education system). Further, if an LEA has zero students taking the alternate assessment in specific grades, Indicator 3C would be not applicable. Indicator 3D is not applicable for early childhood and outside state agencies.

Indicator 4: Suspension and Expulsion (Discipline) may be not applicable if the LEA does not meet the measurement criteria.

Indicator 5: Educational Environments (5-21 school age) may be not applicable if the LEA only serves preschool children or is a specialized setting such as corrections.

Indicator 6: Preschool Environments may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 7: Preschool Outcomes may be not applicable if the LEA does not operate an early childhood special education program.

Indicator 8: Parent Involvement may be because an LEA does not operate an early childhood or school age program. Arkansas has two separate surveys one for early childhood and one for school age programs.

Indicator 9: Disproportionate Representation may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 10: Disproportionate Representation in Specific Disability Categories may be not applicable because they are an early childhood program or they do not meet the measurement criteria.

Indicator 11: Child Find may be not applicable if the LEA had zero new initial referrals.

Indicator 12: Early Childhood Transition may be not applicable if the LEA does not operate an early childhood special education program or the early childhood program had zero Part C to Part B referrals.

Indicator 13: Secondary Transition may be not applicable for a given year because the LEA operates an early childhood program only or the LEA was not monitored in the year being reported.

Indicator 14: Post-School Outcomes may be not applicable for a given year because the LEA operates an early childhood program only, the LEA was not part of the sampling for the year being reported, or zero student information was found through the data collection processes.

Timely and Accurate Reporting would be not applicable if the LEA does not operate an early childhood or school age program.

GRADUATION & DROPOUT PERCENTAGES

The data source for Indicator 1: Graduation and Indicator 02: Dropout is the special education exiting data for students ages 14-21 for the specified year. The calculation is the number of SWD who graduated with a regular diploma (or dropped out) divided by those who exited special education with a regular diploma, certificate, alternate diploma, reached maximum age, or dropped out.

The percentages presented below represents the percent of graduates or dropouts in the source data. The percentages are NOT a Graduation or Dropout rate and should not be construed as such.

Indicator 7: Early Childhood Outcomes

There are two Summary Statements which are based the change between entry and exits scores for three outcome areas: (A) Social Emotional, (B) Knowledge and Skills, and (C) Appropriate Behaviors.

Summary Statement 1: Of those preschool children who entered the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.

Summary Statement 2: The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or exited

DISPROPORTIONALITY: IDENTIFICATION & DISABILITY

Indicator	State Target	State Rate	LEA Rate	Target Met by LEA	LEA Difference from Target	Year to Year LEA Rate Change
-----------	--------------	------------	----------	-------------------	----------------------------	------------------------------

Indicator 9: Disproportionality - Eligibility

Disproportionate representation of racial and ethnic groups in special education and related services that is a result of inappropriate identification (e.g. monitoring data, review of policies, practices, and procedures under 618(d), etc.).

0.00%	0.00%	<=3.00	Y	N/A	↔
-------	-------	--------	---	-----	---

Required to Complete a Self-Assessment and Review of Policies, Procedures, and Practices	N	Were Inappropriate Policies, Procedures, and Practices Identified by the State	N/A
--	---	--	-----

Notes: (1) State rate and state target are based on the percent of LEAs identified as having inappropriate policies, procedures, and practices. (2) The LEA rate is based on if the risk ratio exceeded the cut score of 4; any LEA with a risk ratio greater than 4 is required to complete a review of policies, procedures, and practices.

Indicator 10: Disproportionality - Child with a Disability

Disproportionate representation of racial and ethnic groups in specific disability categories that is a result of inappropriate identification (e.g. monitoring data, review of policies, practices, and procedures under 618(d), etc.).
