Least Restrictive Environment Considerations

Extent of Participation in General Education

For K-12: The general education environment includes all academic instruction as well as meals, recess, assemblies, field trips, etc. Will this child participate 100% of the time with non-disabled peers in the general education environment?

- Yes
 No

Indicate the reasons why the IEP team determined that provision of services in the general education setting was not appropriate for the child.

- The child's acquisition of academic/developmental skills cannot be addressed through modification/adaptation of the general curriculum.
- Small group instruction is necessary for the child to acquire skills specified in the IEP.
- Behavior intervention strategies established in the child's IEP require a degree of structure that cannot be implemented in a large group setting.
- The child's needs cannot be achieved in the general education environment even when supplemental aids and supports are provided.
- The child's behavior significantly impedes his or her learning and that of others.
- Additional individualized instruction is needed to facilitate learning.
- A more structured environment is needed than can be provided in the general education setting.

Is this placement in the school the child would normally attend if nondisabled? Yes No

If no, is the placement as close as possible to the child's home? Yes No

If no, explain why the IEP requires other arrangements:

The **continuum of placements** for the least restrictive environment (LRE) includes regular classes with indirect service (RG), regular class 80% or more (RG), regular class 40% to 79% (RR), regular class less than 40% (SC), School-based Day Treatment, Special Day School, Residential School, Hospital Program, and Homebound Instruction.

Alternate Pathway to Graduation

- Not Applicable: Student does not meet the criteria as having the most significant cognitive disability and/or the student will not be entering a grade level listed below. **If NA, do not complete the remaining portion pertaining to the Alternative Pathway to Graduation.**

Please complete the following for students with the most significant cognitive disabilities who will be in the grades indicated below:

- 2019-20 Ninth graders
- 2020-21 Ninth and tenth graders
- 2021-22 Ninth, tenth, and eleventh graders
- 2022-23 All high school students

Beginning with the 2019-20 school year, IEP teams must determine whether a student with the most significant cognitive disability should follow the general pathway to graduation or the alternate pathway to graduation. The alternate pathway is only available to students with the most significant cognitive disabilities who participate in the alternate assessment in high school.

- My child will participate in the alternate pathway to graduation and the high school transcript will indicate this pathway. (Courses on this alternate pathway will not transfer to the general pathway.)
- My child will participate in the general pathway to graduation.
- My child will work toward a certificate (e.g. Certificate of Attendance or Certificate of IEP Goals being met), not a standard diploma.
